School Report for 1896.

To the Citizens of the Town of Boothbay Harbor:

In accordance with the requirements of Chap. 11, Sec. 89, of the Revised Statutes and acts additional thereto and amendments thereof, I respectfully submit the following report.

At the first meeting of the school board C. E. Kendrick tendered his resignation, which was accepted, and D. H. Moody was chosen to fill the vacancy.

The board organized consisted of the following members N. S. Baker, W. H. Reed, D. H. Moody, Herman Carlisle and C. R. Tupper.

N. S. Baker was elected Chairman, C. R. Tupper Secretary of the board and Superintendent of Schools.

On entering upon my duties as superintendent, I found that good work was being done in every school, and I decided to retain all of the teachers who wished to remain another year. At the close of the spring term Mr. Libby resigned his position as principal of the High School and Ralph T. Parker of Farmington, N. H., was chosen to fill the position. Mr. Parker resigned after teaching six weeks and the fall term was finished by Frank W. Blair, who is an excellent teacher

and did faithful work. At the close of the term Clarence E. Michels was elected principal and entered upon his duties at the beginning of the winter term. Mr. Michels has had experience in teaching high schools and is having good success.

The Supervisor in his report Feb. 20, 1896, recommended that the course in this school be changed to four years. As all college preparatory schools have a four years course I considered this necessary if our schools were to rank with other high schools throughout the State. After looking over various courses of study and consulting with the teachers in our high school, I decided that the courses of study recommended by our State Superintendent in his report of 1895, pages 88 and 89 of Appendix, would come as near meeting the requirements of our schools as any courses that could be arranged, and therefore adopted them. Pupils have the privilege of substituting French in the place of Greek in the College Preparatory Course. On adopting the courses we found it necessary to have two teachers all of the time, and at the commencement of the fall term Miss Reed was engaged to teach full time.

The work now being done in this school is very satisfactory. We are paying the principal a salary of \$670 per year and the assistant \$330, making the total cost of the Free High School \$1000. In all other schools the courses remain the same, but I find the primary schools are crowded all the time while the intermediate schools are the smallest in town. A slight change may be necessary in these grades.

We have employed new teachers only when resignations have been sent in. Good advancement has been made in every school. The salaries paid are the same as shown in last year's report. We have made no changes in Text-books during the year but recommend the Geographies be changed at once, it being difficult to obtain the books now in use.

Our appropriation for Free Text Books was \$400. There were unpaid bills for books last year amounting to \$381.16, leaving a balance of only \$18.84. It has been necessary to overdraw this account quite an amount. An appropriation should be made to balance this account and give a reasonable amount for new books.

We recommend the following appropriations for the year ensuing:

For Town Schools.....	\$1700.00
Free High School.....	750.00
Free Text Books.....	400.00
Repairs on School Buildings.....	150.00

C. R. TUPPER,

Superintendent of Schools.

	Treasurer.....	\$10.00
	By Cash to balance on hand.....	25.00
		——\$35.00

D. H. M CODY,
Treasurer.

Report of Night Watchman.

To the Inhabitants of Boothbay Harbor:

I wish to make the following report of the work for the second year of my duties as watchman. While attending to all calls for the special care of steamers, vessels and other property at the wharves I have patrolled the streets and attended to my regular duties to the best of my ability in a faithful manner.

During the year there have been three alarms for fire to which I answered for duty. I have found six stores unlocked and reported the fact to the keepers. I have had eighteen men in the lockup, thirteen of whom were tramps or suspicious characters which I released in the morning upon the promise that they would leave town, which they did. I have attended to the trimming and lighting of the street lamps and to all calls for constable duty in the interest of peace and order.

Respectfully submitted,
HIRAM A. SPOFFORD,
Watchman and Constable.
